

# CD FiSH

## *Items you will need to make a CD fish:*

- two CDs
- one set of google eyes
- one 8 1/2" x 11" sheet of craft foam
- scissors
- fishing line
- binder clips
- hot glue gun and craft glue
- drill

## *Instructions:*

- Cut out each piece of the template provided on the back of this instruction sheet. Use the cut outs to trace the fish parts onto the craft foam. Cut out the pieces from the craft foam.
- Place the foam between the two CDs, and glue together as shown. Push the large center fin halfway through the hole in the CDs and glue lightly to hold in place.
- Use the binder clips to hold together until dry.
- Attach the google eyes to the foam circles with the hot glue gun, and then attach to the fish.
- You can then decorate with glitter glue, sequins, etc.
- Drill a small hole in top of CDs, and loop fishing line through to hang from.
